ARCHITECTURAL PLUMBING SERVICES

Delivering excellence in design, functionality, and innovation across construction, fit-outs, plumbing, and performance solutions

Our Story

Founded with a vision to bring innovation, quality, and excellence under one roof, the Architectural Group of Companies unites four specialized companies, each dedicated to transforming spaces across South Africa. From striking glass and aluminium installations to bespoke interior fit-outs, expert plumbing solutions, and cutting-edge performance coatings, our group combines creativity, technical expertise, and a commitment to delivering results that exceed expectations.

Our journey began with a passion for design and precision, and today we are proud to offer a complete suite of architectural solutions, supporting residential, commercial, and industrial projects. Every project tells a story of craftsmanship, innovation, and dedication—our story is built on the success of our clients and the impact of the spaces we create.

Building with precision,
designing with passion,
delivering with excellence.

About the Group

Architectural Group of Companies is a South African-based integrated architectural solutions group. We bring together four specialized companies to deliver excellence across design, fit-outs, plumbing, and innovative surface coatings. Our goal is to transform spaces with precision, creativity, and functionality.

Vision

To be South Africa's leading group for architectural solutions, known for innovation, quality, and sustainable practices

Mission

To provide comprehensive, reliable, and innovative solutions through our specialized companies, ensuring every project exceeds client expectations.

TURNKEY RENOVATIONS & ALTERATIONS

Custom glass and aluminium solutions for residential and commercial spaces.

Bespoke interior fit-outs including kitchens, bathrooms, and cabinetry.

Innovative coatings to restore, protect, and enhance surfaces—including solar panels.

Reliable plumbing solutions for homes and businesses.

PRODUCTS & SERVICES

OUR PRODUCT RANGE INCLUDES:

AGA – Architectural Glass & Aluminium

- Aluminium windows & doors (sliding, folding, top-hung)
- Glass showers & office partitions
- Curtain walls & facades
- Balustrades & handrails
- Inside glazing systems
- Custom Design & Manufacturing

ASF – Architectural Shop Fitters

- Kitchen Cabinets
- Granite tops
- Laundry rooms
- Shopfitting
- Wardrobes
- Bathroom Vanities
- Home bar

Services

- Design
- Manufacture
- Supply
- Install
- Maintenance
- Repairs
- Renovation

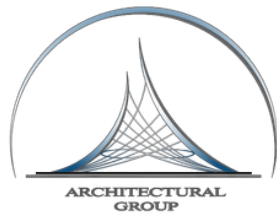

APC – Architectural Performance Coatings

- Surface restoration & protective coatings
- Solar panel cleaning & coating
- Specialty coatings for walls, floors, and exterior surfaces
- Waterproofing

APS – Architectural Plumbing Services

- Residential & commercial plumbing
- Maintenance, repairs & installations
- Rainwater Harvesting & Irrigation systems

Our experienced teams work with Contractors and Developers to ensure that all installations are completed efficiently, safely, and to the highest standards.

Building with precision, designing
with passion, delivering with
excellence

OUR EXPERIENCE & EXPERTISE

The Architectural Group of Companies brings together a team of skilled professionals with extensive experience across residential, commercial, and industrial projects. By combining technical expertise, quality workmanship, and innovative solutions, we deliver results that are both functional and visually impactful.

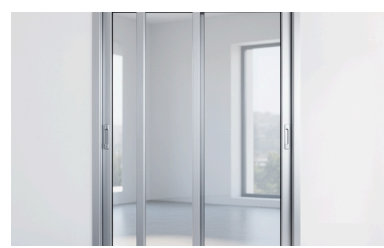

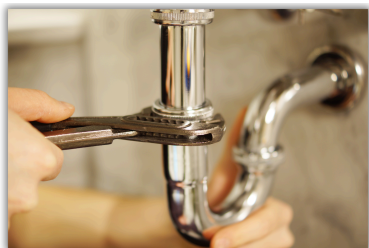

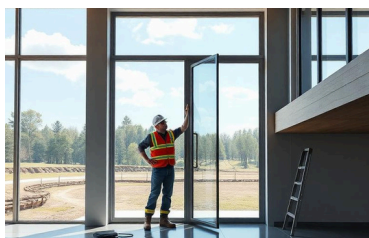

Our integrated approach allows us to manage projects from concept to completion, ensuring efficiency, consistency, and exceptional results every time.

KEY EXPERIENCE AREAS

- Residential developments and home improvements
- Commercial projects including offices, retail spaces, and showrooms
- Large-scale installations and multi-trade coordination
- Renovations, upgrades, and new builds

OUR STRENGTHS

- End-to-end solutions across multiple trades
- Skilled teams across all specialized divisions
- High-quality materials and workmanship
- Innovative and modern solutions
- Reliable project delivery and turnaround times

One group. Multiple solutions. Seamless execution

**Building with precision, designing
with passion, delivering with
excellence**

WHY CHOOSE US

-  72+ YEARS COMBINED INDUSTRY EXPERIENCE
-  QUALITY WITHOUT COMPROMISE
-  INNOVATION & CONTINUOUS IMPROVEMENT
-  CUSTOMER-CENTRIC PARTNERSHIP

Quotation: Roof Waterproofing, Painting & Ridge Repairs

Client: Sharon Dale

Quote Ref: Q00101_Roof Repairs Sharondale

Project Address: Centurion

Date: 2026/02/16

Prepared By: Jan – Construction Contractor/Project Manager

Scope of Works

1. **Surface Preparation**
 - Cleaning of 3090 m² (34 housing units) clay roof tiles (pressure wash, moss/algae removal).
 - Minor repairs/replacement of cracked tiles.
 2. **Waterproofing**
 - Application of primer/sealer coat.
 - Application of acrylic waterproofing membrane.
 3. **Painting**
 - Two coats of UV-resistant roof paint (colour as per client selection).
 - Painting of exposed trusses with bitumen.
 4. **Ridge Tile Repairs & Sealing**
 - Lift/reset loose or cracked ridge tiles.
 - Re-bed with mortar/flexible adhesive.
 - Seal with waterproofing compound for watertight finish.
 5. **Carports paint**
 - 1200 m² galvanized carport roofing
 - Painting
 - Rust treatment
 - Replacing of badly rusted sheets
 - Painting of all post and horizontal members.
-

Preliminaries & Notes

- Rates include labour, materials, and standard safety equipment.
- Access/scaffolding costs not applicable.
- Premium products with extended warranties (5–15 years).
- Exclusions: Major structural repairs, replacement of large sections of roof tiles, unforeseen damage.
- Includes works to 34 Housing units, 22 single garages and 12 double Garages.

Scope of Cleaning & Preparations

- High-pressure washing to remove dirt, moss, algae, and loose particles.
 - Chemical treatment (fungicide/algaecide) if heavy growth is present.
 - Minor tile repairs (replace cracked/broken tiles).
 - Remove failed and deteriorated membrane from ridges and valleys
 - Surface priming to ensure adhesion of waterproofing/painting.
-

Waterproofing Scope

- Surface priming/sealer to bond membrane to clay tiles.
 - Application of waterproofing membrane
 - Detailing at ridges, valleys, flashings, and penetrations for watertight finish.
 - Two coats minimum for durability and warranty compliance.
-

Roof painting Scope

- ☐ Apply **tile primer/sealer** suitable for porous clay tiles.
- ☐ Ensure primer provides:
 - Good adhesion base
 - Moisture resistance
 - Uniform surface absorption
- ☐ Apply using spray/roller/brush as per manufacturer recommendation.
- ☐ Apply **two coats** of approved roof-coating system:
 - 100% acrylic roof paint coating.
- ☐ Use airless spray application for uniform finish (unless otherwise specified).
- ☐ Ensure full coverage, even thickness, and no missed areas.
- ☐ Follow required drying time between coats.

What This Cost Includes

Roof Areas (Clay Tile)

- ✓ Cleaning & preparation
- ✓ Painting all tiled roof surfaces
- ✓ Ridges, valleys & Culley's sealed (included in waterproofing rate ranges)
- ✓ Tile replacement allowance (built into system rates)
- ✓ Fascia boards painted
- ✓ Exposed trusses painted

Carports (Corrugated Sheet Steel)

- ✓ High-pressure clean
- ✓ Rust neutralizer & repairs

- ✓ Replacement of corroded plates
- ✓ Full primer + metal coating system

A. PRELIMINARIES

Item	Description	Qty	Unit	Rate (R)	Amount (R)
A1	Site establishment, access, cleanup	1	Item	R 10,500.00	R 10,500.00

B. ROOF WORKS – RESIDENTIAL UNITS

B1 – Roof Painting (Clay Tile Roofs)

- Rate: **R95/m²**
- Total area: **3,090 m²**

Item	Description	Qty	Unit	Rate (R)	Amount (R)
B1	High-pressure cleaning	3,090	m ²	Included	–
B2	Roof painting (2 coats)	3,090	m ²	R107.80	R 333 102.00

B2 – Waterproofing to Ridges, Valleys & Culley's

- 30 m/unit × 34 units = **1,020 m**
- Rate: R72 per meter

Item	Description	Qty	Unit	Rate (R)	Amount (R)
B3	Brush-on waterproofing system	1,020	m	R 87.50	R 89 250.00

C. CARPORT WORKS (Corrugated Iron)

C1 – Carport Painting & Rust Treatment

- Area: **1,200 m²**
- Rate: R69.50/m² (industrial metal roof paint)

Item	Description	Qty	Unit	Rate (R)	Amount (R)
C1	Rust treatment & repairs	1,200	m ²	Included	–
C2	Metal primer + final coat	1,200	m ²	R 71.50	R 85 800.00

Project Timeline

The timeline assumes normal weather conditions and standard access.

1) Site Establishment — 2 Days

Activities:

- Site induction
- Site setup (storage areas, protection, access routes)
- Risk assessment & method statement briefing

2) Roof Cleaning & Preparation — 10 Days

Activities:

- High-pressure cleaning of all tiled roofs
- Removal of debris, moss, and dirt
- Replacement of broken tiles
- Surface inspection and marking defects
- Masking around solar panels, geysers, and skylights

3) Waterproofing — 20 Days (Runs Parallel to Painting)

Activities:

- Cleaning ridge/valley/Culley channels
- Acrylic waterproofing application with membrane reinforcement
- Overlaps, junctions, and saddles sealed
- Quality checks every 50 m completed

4) Roof Painting — 30 Days

Activities:

- First coat application (acrylic roof coating within 75–100 μm spec)
- Second coat application after curing
- Quality inspections after each elevation
- Touchups on ridges and penetrations

5) Carport Painting & Rust Repairs — 15 Days

Activities:

- Removal of surface corrosion
- Rust neutralizer treatment
- Replacement of severely corroded plates
- Primer application
- 1–2 coats of metal roof paint

6) Final Inspection & Handover — 2 Days

Activities:

- Joint inspection with committee

- Snag list completion
- Handover certificate
- Warranty and maintenance guideline submission

Costing Summary (Excl. VAT)

Component	Quantity	Rate	Total (R)
Roof Painting and Preparation	3,090 m ²	R107.80/m ²	R333 102.00
Waterproofing and repairs	1,020 m	R87.50/m	R89 250.00
Carport repairs & Painting	1,200 m ²	R71.50/m ²	R 85 800.00
Preliminaries	—	Lump sum	R 10 500.00
TOTAL PROJECT COST	—	—	R 518 652.00

Notes & Inclusions

- All paint systems follow manufacturer spread rates.
- Waterproofing includes primer + membrane where necessary.
- Carport repair includes plate replacements at identified corrosion points.
- Quality checks at every phase with photographic documentation.
- Snags addressed before client handover.

Cost of replacing garage and Carport Sheeting

1. Single units 22 and Double units 12.
R 318 998.00

Terms & Conditions

- Validity: Quotation valid for 60 days.
- Payment Terms: 60% deposit, progress payments every 2weeks on completed work. balance on completion].
- Project Duration: Estimated [12 weeks] depending on weather and site access.
- Warranty: [5 years] on waterproofing and paint system.).
- All substrates must be adequately dry prior to the application of coatings. Any delays arising from wet weather conditions may not be the responsibility of APC.
- Substrate conditions may vary upon commencement of the works. Any latent or concealed defects identified during execution necessitate additional remedial work, which will be charged as a variation.
- Any pre-existing structural defects are the responsibility of the building owner, unless expressly included within the agreed scope of works.

ACCEPTANCE OF QUOTATION
